For years, our family has spent a lot of time in Zingst. We have tried almost all local spots, and now we would like to share our personal favorites with you.

### NO. 1

Cool drinks and cocktails, including the most beautiful sunsets

„SAMMY'S BAR“

DIRECTLY ON THE PIER

Super-charming bartender Sammy will be pleased to fulfill your all wishes no matter how extravagant ... ask for his latest creations and let yourself be seduced ... try the „LITSCHILALA“ – Tip! With chill-out music in the air, you can let your day unwind.

### NO. 2

Danish and Italian ice cream

„ZUCKERHUT“ NEXT TO THE  
KURHAUS (ON THE PIER)  
SEESTRASSE 56

As fresh as it gets. In the morning the ice cream is being produced in a variety of flavors to be offered throughout the day – a treat for every ice cream lover. Try one of the specialty coffees, and for a snack, the Thai chicken soup (Tom Ka) – an absolute insider's tip! For the kids, rice pudding with cherries is on the menu!

### NO. 3

Delicious fish and meat dishes

„AM FREESENBRUCH“

THE CAMPSITE RESTAURANT  
T 038232/15786

If you like freshly prepared fish and appreciate a good value, then head out (about an 8-minute bicycle ride) to the campsite. There's no dresscode, but take a nice seat on the terrace (you can sit in the sun, but don't forget bug spray)! Order the dish of the day – Tip! – and send your kids to the nearby playground so you can relax and enjoy your meal in tranquility (our family has 3 kids, so we are always very happy about the latter).

### NO. 4

Freshly-caught fish

„SIEGFRIED TORNOW“

AM STRANÜBERGANG 13

A „good catch“ for the fisherman Tornow, whose family has been heading out to the Baltic every night since decades catching fish. The fresh catch is offered after landing in the morning by one of his daughters out of a small shop in the backyard that makes one reminiscent of the past. Of course the selection is dependent on the angler's luck, but it's guaranteed to be fresh and very appetizing. From 16.30 on the smoked fish is ready for purchase and if they're sold out, place an order with the friendly saleswoman – Tip!

### NO. 5

Environmentally friendly cuisine

„ZUR ALTEN FILMKISTE“

NEUE REIHE 3  
T 038232/17973

This small family-run restaurant is highly recommended. To get hold of a cozy table, be sure to reserve ahead of time, as both on the terrace and in the dining room there are only a few spots available. The Leffler family exclusively uses locally sourced products like organic meat from Insel Öhe and Hiddenseer Kutterfisch – and it tastes great. The meals are served with love and are both a treat for the eyes and a feast for the palate.

### NO. 6

The most beautiful beach

THE WEST BEACH BEHIND  
PREROW

You reach it by foot, bicycle or horse-drawn carriage through a pristine forest. Far from the hustle and bustle of a holiday resort one can here experience nature with all the senses. The unspoilt, idyllic beach and forest invite strolling, and with a little luck you may spot deer. Collect a few 'chicken-gods' (a must have!) and relax - you're on vacation!
